October 2025

Dear Ministry Friends,

A few weeks ago, Leslie, our site nurse, shared a beautiful picture of a rainbow over our center in Granite Falls that a friend took. A perfectly arched double rainbow showing beautiful colors. A true depiction of God's love and promises to all of us who look to Him to be our Savior.

I think of what this rainbow represented to Noah long ago and to us today. Noah had been confined in the ark for many days and nights. I imagine he struggled with anxiety and worried about what would happen next. Trusting in God but uncertain what the days ahead would look like. All that he knew from before was gone, washed away, and a new way of life was ahead. I think of the uncertain feelings he must have experienced. Today I think of the political events that are shaping our world. The many uncertainties of what may lie ahead. For many the darkness that surrounds them, because they do

not know Jesus as their Savior and the hope that comes with that knowledge, is overwhelming.

Caldwell Pregnancy Care Center represents the light, to many, that points them to the hope of Jesus. We share God's promises of peace and unconditional love during the political upheaval of our world and in the personal darkness one may be facing. His light can chase the darkness and clouds of uncertainties away, just as it did for Noah after the rain stopped, leaving a beautiful rainbow. A rainbow illuminating His promises of help in this earthly world and an eternal life with Him.

Join with me in praise to our Creator for His gift of the beautiful rainbow. Praising Him for His promises and the healing work He does in the hearts of our clients. We have the privilege of introducing them to the One who can chase away the darkness and confusion they are experiencing, bringing healing to their hearts.

"And I will remember my covenant, which is between me and you and every

living creature of all flesh..." Genesis 9:15

Love in Christ,
Machelle Kirby
Executive Director
